

## **Reserve the Date!**

**Join your colleagues at an exciting pre-Steering Committee workshop on practical issues in disseminating EBTs**

### ***Methods for Disseminating Evidence-based Treatments from the Frontlines of Community Treatment Programs***

Tuesday, March 24<sup>th</sup>  
3:30 pm to 5:30 pm  
North Bethesda Marriott Conference Center

This workshop aims to highlight different methods CTPs have used to disseminate evidence-based treatment into their practice settings. Learn from your colleagues about approaches you might use to promote similar practices within your own program:

- The Use of Opinion Leaders to Promote the Dissemination of Buprenorphine Treatment at Maryhaven, Inc.
- Adapting Evidence-based Treatments to Clinical Practice: Contingency Management in Action
- The Use of Written Materials to Disseminate Information about Treatment and Recovery to Patients
- A Quality Improvement Initiative to Integrate Trauma Treatment in Clinical Services: The Case of Seeking Safety at Residence XII
- Dissemination of Evidence-base Treatments through Organizational Change: The Renewal Team Project at Connecticut Renaissance

Plus a special treat from our two CTN Dissemination Librarians:

- Disseminating Evidence-based Treatment through the CTN Dissemination Library: A Live Demonstration
